

- **Terry Pratt**
- **MS, PT, COMT, FAAOMPT**
- Greater Brunswick Physical Therapy
- Topsham, ME

Terry received his MSPT from Andrews University in 1997 and his FAAOMPT in 2013 through the NAIOMT Fellowship Program. He is a Faculty and Clinical Fellowship Instructor for NAIOMT and has lab assisted with the Institute since 2002. Terry has been adjunct faculty for The University of Maine System, Southern New Hampshire University and Medbridge Education. He has taught courses in Clinically Applied Anatomy and Kinesiology, Anatomy and Physiology and Bridging the Gap: Between Evidence Based Research and the Reality of the Clinic. He developed teaching manuals for the McConnell Institute faculty, produced technique videos for NAIOMT, formatted and reviewed the textbook 'Manipulative Thrust Techniques of the Spine' by Erl Pettman, and the manual for distance mentoring for NAIOMT clinical fellowship instructors and fellows in training. Terry has written a section for a home study course for the Orthopedic Section of the APTA addressing treatment of the injured lumbar spine published in 2015.

Terry currently is the clinical director of Greater Brunswick Physical Therapy in Topsham, Maine. He has a keen interest in biomechanics, functional application of manual therapy, prolotherapy and utilizing technology in the clinic to educate patients. Terry resides in Brunswick, Maine, where he enjoys spending time with his family and all outdoor activities that Maine has to offer.
